Notes from the Selectmen

Update on Town Summer Projects

Planting at the Town Hall, which was originally scheduled to begin in June and then delayed by the drought, finally began in mid-August. The two tall columnar evergreens framing the building are Norway spruce cultivars, *picea abies cupressina* – a hardy tree that should grow quickly and remain trouble free, retaining the narrow columnar form as it grows. The perennials in these front beds are donated from private gardens – drought free varieties that will mature in nicely. There will be some plant additions and substitutions as the weather cools into next Spring. Prepping, planting, and mainte-

nance, thus far, have been done with donated plants and labor and a small amount of funding from the Heritage Commission.

Plantings at the Tramp House and the Police Station are expected to go in the ground this fall.

Our thanks to the Richmond Highway Department and the Richmond Heritage Commission, and especially to the many volunteers who have worked on this project – Carol Jameson, Sandy Laughner, Bob and Jan Weekes, Bonnie McCarthy, Peter Mulhall, Mallary Reece, and Susan Roney. Our thanks also to Marc Hudson, the "Inspired Garden" out of Westmoreland NH, and to Bay State Perennials in Whately, Massachusets who contributed plants and labor at little or no cost.

Painting on most of the exterior of Town Hall and the Veterans Hall has been completed – with two sides remaining to be scheduled for next year. The sign identifying the Town Hall is now up on Route 32.

Repaying on Sandy Pond Road and Tully Brook Road should have begun by the time you read this. Weather and budget permitting, work will begin on redoing the Veterans Hall parking lot this fall.

Sale of Tax-Deeded Properties

The Selectmen are inventorying town-owned properties, and putting some tax-deeded lots up for sale. Taxdeeded properties are those which the tax collector has deeded to the town because of non-payment of taxes – taxes must be at least three years overdue before the property is deeded to the town. Under state law, the prior owner retains a right of redemption for an additional three years after the property is tax-deeded, so most towns typically wait until the end of the three-year period before offering the property for sale to the public. Sale is by sealed bid after the property is advertised for sale in a local newspaper and on the town website. There is a minimum bid requirement, typically, far below market value for similar properties; the sale is by quit-claim deed from the town – no warranties as to title or condition. Please check the town website or call us at 239-4232 for additional information. It is an opportune time for buyers to pick up property at a good price: the town gets the property back on the tax roll.

Sylvia M. VanBrocklin

August 10, 1923 – August 16, 2016 Sylvia M. VanBrocklin, 93, of Richmond passed away on Tuesday, August 16, 2016, at Applewood Nursing Home in Winchester.

Born in Westport August 10, 1923, the daughter of Sadie A. (Phillips) and Albert L. Plummer, Sylvia married Robert H. VanBrocklin on March 6, 1940 and remained married for over 70 wonderful years before Robert's death in 2010.

Sylvia appreciated a strong sense of community and stayed heavily involved in her town. She had been a member of the Richmond United Methodist Church since 1946. She had also held the position as the Richmond Cemetery Sexton and was the Richmond Supervisor of the Checklist. In addition, Sylvia was an active member of the Richmond Fire Department Auxiliary.

Over the years, she worked caring for others, giving them the ability to stay in their own homes. During World War II, she had been employed by Perkins Machine in Keene.

Sylvia found beauty in nature. She especially liked rhododendrons, watching birds, and tending to her garden. More than anything, Sylvia loved family and the time she spent with them.

She is survived by her two sons, Bruce VanBrocklin and his wife, LaDonna, of Falmouth, Kentucky, and Hugh VanBrocklin and his wife, Alison, of Richmond; one brother, Robert Plummer of Westport; and many grandchildren and great-grandchildren, Lori Thoin and

her husband, Jon, and their daughter, Larissa, of Marlborough; Julie Craig and her husband, Ken, and their children Nathan, Stephen, and Hannah, of North Tonawanda, New York; Andrew VanBrocklin and his wife, Kelly, and their children; Hunter and Madison, of Alfred, Maine; Emily Royal and her husband, Jason, of Winchendon, Massachusetts, and Laura VanBrocklin and Jon Fowler of Denver, Colorado.

She was predeceased by her loving husband, Robert H. VanBrocklin, and great-grandson, Gavin Robert VanBrocklin.

Services for Mrs. VanBrocklin were held at the Richmond Community United Methodist Church, 11 Fitzwilliam Road, Richmond, Saturday, Aug. 27, 2016, at 11 am. The burial followed in the Earl Howard Cemetery in Richmond.

In lieu of flowers, donations may be made in Sylvia M. VanBrocklin's name to the Rachel Carson National Wildlife Refuge, 321 Port Road, Wells, Maine, 04090. Fletcher Funeral Home and Cremation Services handled the arrangements. www.FletcherFuneralHome.com

Pipeline related news

John Boccalini

In Favor of Rate Payers

The Massachusetts Supreme Court has ruled that the Massachusetts Department of Public Utilities (DPU), incorrectly determined that it had the authority to approve contracts by electric utilities for gas capacity for electric generation. Hearings in Massachusetts have been suspended. This decision relates to the Spectra-Algonquin Access Northeast Project at issue in New Hampshire in Case #16-241 (Eversource is seeking approval in that case). We would expect that the Access Northeast Project will be cancelled in its current form, and that the New Hampshire proceedings will be withdrawn. Good news. Stay tuned.

Refund

The town of Richmond will receive a refund check in the amount of \$2,176.00 from the Law Firm of Burns & Levenson LLP (B&L) as a result of the Kinder Morgan withdrawal of its application to build the Northeast Direct (NED) pipeline. The town's pipeline legal fund was budgeted for \$12,650.00 and only half of that (\$6,325.00) was paid out as a retainer to the law firm. The refund is the unspent portion of that retainer.

Richmond Four Corner Survey

Richmond Community Development Association A little over two years ago a survey of Richmond residents showed an overwhelming majority of residents felt the importance of having a general store as well as a gas station in town. The Four Corners' property is finally clear of all contamination and the buildings have been removed, leaving a clear vacant lot, ready for redevelopment.

erating a general store and gas station. The Board of Selectmen and RCDA are developing plans to provide incentives for a new business owner, including pricing of the property, tax incentives, and support for securing business loans and professional training.

Part of the requirements in securing a grant to develop the property further is to conduct an economic feasibility study and an architectural and engineering plan, which is now in progress.

In considering the economic feasibility of the project for a new business owner in our community, we are asking for your help by completing a short survey. The survey can be found online at the Town Hall or Town Library. https://www.surveymonkey.com/r/KGZSR7B

June Update

Jim McConnell – State Representative Cheshire 12 – Richmond & Swanzey

The legislature is shut down for August. After Labor Day, legislative activity will resume with committees conducting Interim Studies and the early window to submit Legislative Service Requests (LSRs) for drafting legislation for the 2017 Session.

In my view, the most important Interim Study is the Ways & Means Committee's consideration of whether

STATE OF NEW HAMPSHIRE - VOTER ID LAW RSA 659:13

[effective September 1, 2015]

EXPLANATORY DOCUMENT (RSA 652:26) PROOF OF VOTER IDENTITY INSTRUCTIONS (RSA 658:29-a)

What type of ID will I need to vote?

- Driver's license issued by any state or federal government;
- · Non-driver ID card issued by NH DMV or motor vehicle agency of another state;
- Photo ID card for "voting identification only" issued by NH DMV (RSA 260:21);
- United States armed services identification card;
- United States passport or passcard;
- NH student ID card (see more information below);
- A photo ID not mentioned above, but determined to be legitimate by the moderator, supervisors of the checklist, or clerk of a town, ward or city. If any person authorized to challenge a voter does so under this provision, the voter shall be required to fill out a challenged voter affidavit before obtaining a ballot.
- Verification of the voter's identity by a moderator or supervisor of the checklist or clerk of a town, ward or city (not
 a ballot clerk). If any person authorized to challenge a voter does so under this provision, the voter shall be required
 to fill out a challenged voter affidavit before obtaining a ballot.

An acceptable photo ID must have an expiration date or date of issuance. The ID will remain valid 5 years beyond the expiration date unless the voter is 65 or older in which case an acceptable photo ID may be used without regard to expiration date. The name on the ID shall substantially conform to the name on the checklist.

More on student ID cards:

Acceptable student photo ID cards must be issued by:

- · A college, university, or career school approved or licensed to operate in New Hampshire
- · A public high school in New Hampshire
- A non-public high school in New Hampshire accredited by a private school accrediting agency that is recognized by the NH Department of Education
- Dartmouth College
- A college or university operated by the university system of New Hampshire or the community college system of New Hampshire

Beginning in 2014 all colleges or universities operated by the university system or community college system of New Hampshire must include the date of issuance on the student ID card. Student ID cards without a date of issuance will be accepted until September 1, 2018. Each August the Commissioner of the Department of Education will provide to the Secretary of State a list of all approved, licensed, and accredited schools from which a student ID is acceptable.

What if I do not have an approved photo ID?

Any voter who does not present an approved photo ID will be permitted to vote after executing a challenged voter affidavit. In addition, the voter shall have their photograph taken by the moderator or assistant moderator, which shall be attached to the challenged voter affidavit. If the voter objects to the photograph requirement because of religious beliefs, the voter may execute an affidavit of religious exemption that will be attached to the challenged voter affidavit instead of the photograph. A voter who does not have an approved photo ID may obtain a free photo ID for voting purposes only by presenting a voucher from their town/city clerk or the Secretary of State to any NH DMV office that issues identification.

Is there any post-election action required by me after I vote without an approved photo ID?

If you filled out a challenged voter affidavit in order to vote on Election Day, you will receive a verification letter from the Secretary of State requesting confirmation that you voted in the election. If you do not respond in writing to the Secretary of State within 90 days of the date it was mailed, the Attorney General will conduct an investigation to determine whether fraudulent voting occurred.

Where can I get more information? Your town or city clerk or the Secretary of State.

or not electric ratepayers should be prohibited from paying for the construction of high pressure gas pipelines – a result of a bill I prepared in the last session.

I will also take advantage of the opportunity to file a number of early LSRs to ensure that, assuming I'm reelected, I won't have to compete for drafting attorneys' attention with newly elected legislators any more than necessary during the November LSR period.

Unlike the legislature, the County Delegation has been active. The Maplewood Subcommittee, which has spent the last eighteen months considering the future of the County's Nursing Home, finished its deliberations and forwarded two options to the Delegation Executive Committee. The first, which I favor, would expand and refurbish the existing Maplewood Nursing Home in Westmoreland. The second, which would close Maplewood and move the Nursing Home to Keene, would be a hybrid model incorporating some of the so-called Green House concepts. The most important consideration for me is that Maplewood continue to provide care for the county's 150 medically neediest patients: those a private nursing home operator cannot afford to care for. I was a member of the Maplewood Subcommittee and am a member of the County Executive Committee.

I can be reached at 903-3878, which is my cell phone. I have decided it is much more efficient to use my cell phone as I'm frequently away from my desk and I'd rather take a call than return one. My personal email is mcc@mindspring.com Please use my personal email as my legislative email is inundated from both out-of-state interest groups and individuals and I'd like to make sure that you, my constituents, can reach me when you want to, and not get lost in the shuffle.

Things and Thoughts from the District Neil Moriarty

Back to School August 25 and Restart of America Reads School restarted on Thursday August 25, 2016. On August 26, 2016 I will have started my ninth year of America Reads at Mount Caesar; my eighth year with Ms. Nancy Frazier. I know you have been asked before, but if you have a hour or two a week to help the kids with reading, call Allison Riley, the local America Reads coordinator, at 283 1686. You will receive full training in October. It is a rewarding experience for me.

Monadnock Education Matters
Monadnock School Newsletter was sent to your house

on August 15. It shows new features of the district, as well as the new hires, including more about Dr. Woods, the new Director of Student Services.

Dr. Catherine Woods was hired as our new Director of Student Services to replace Mr. Kenneth. Dr. Woods comes to us from SAU 29 (Keene and other surrounding towns) with ten years of experience. Let's wish her luck filling a large pair of shoes.

\$510,000 Teacher's Insurance Pool; Some of it Hijacked In spite of requests from the Select Boards of Fitzwilliam, Richmond, Swanzey, and Troy, your school board voted to give about \$230,000 to the teachers by paying 100% of their entire health insurance. Wait, that's not all! The district paid the teachers income tax deduction, plus the teachers' Social Security/Medicare (FICA) for that insurance income. Whatever happened to No Means NO? The voters denied a raise last March 2016, but your board gave them \$230,000 anyway. The following board members voted NO: Jim Carney of Richmond, Phyllis Peterson, and Win Wright of Fitzwilliam. The following Board Members voted YES: Karen Wheeler of Gilsum, Nick Mosher of Roxbury, Cheryl McDaniel-Thomas, Bob Mitchel, Joe Smith, Eric Stanley of Swanzey, and Scott Peters of Troy.

The Olympic athlete has to pay their own taxes (and FICA) on the gold and silver medals. Perhaps you will find a time to pay those YES votes back someday. When it comes time to vote next March 2017, lets remember that our teachers did get a raise, after all.

Isn't it wonderful how our lawyer, Mr. O'Shaughnessy, gets us into these situations and that these items even come up? How about the half-paid lunch for support staff employees who are out – not working; yet another blunder by our lawyer. But our school board keeps hiring him. Only at Monadnock!

Thanks for reading my article – if you have thoughts, ideas, or questions, you can contact me at 239 4031; cmoriarty@ne.rr.com; or send mail to me at 782 Old Homestead Hwy, Richmond. Jim Carnie will also help with district items at 239 4948.

Richmond Ride Share Program

As a result of the Red Cross's termination of their transportation program for medical visits, the Community Volunteer Transportation Company (CVTC) has expanded it services to serve thirty-one towns in the Monadnock Region, including Richmond.

The CVTC's volunteer drivers provide "no-fee" transportation for those who do not have access to transportation because of age, ability, economic situation, or other limiting circumstances. Our trips include non-emergency medical and social service appointments, as well as trips to the grocery store and the pharmacy.

The service is free as a result of funding from individuals; towns; businesses; the Federal Transit Administration through NH DOT; the NH Charitable Foundation's A. Eland and Hazel N. Goyette Memorial Fund; Charlotte and Alpheus White Fund; Everett and Margaret H. Clement Family Fund; Monadnock Challenge Fund; Bean Family Foundation; Roy A. Hunt Foundation; the Kingsbury Fund; and the Monadnock United Way.

Call toll free 1-877-428-2882, ext. 5 to register for rides, or to find out how to become a volunteer driver. Why not carpool? Monadnock Rideshare, our online Rideboard helps people create carpools to work, for errands, sporting or cultural events, and even getting the kids off to school. Click here to find out how to post a ride offer or request.

https://www.cvtc-nh.org/rideshare.html

The CVTC Volunteer Driver Program is developing driver networks in all of our towns in cooperation with the American Red Cross and the Disabled American Veterans. We are looking to enroll more volunteer drivers to get people where they need to go, and identify those who can provide rides in their own vehicles, or those who would like to be trained to drive small wheel-chair accessible vans and buses.

If you have some time, now-and-then, to give someone a ride, we'd enjoy hearing from you.

Let us answer your questions about mileage reimbursement, training, insurance, and how easy it is to sign up for trips online or over the phone. Our drivers choose the rides that work with their schedules.

For more information on becoming a CVTC volunteer driver, please call toll-free: 1-877-428-2882, ext. 5.

Eggs

Sandee Auvil and Noah Raymond

Noah and I have chicken and duck eggs for sale. Currently, we have eleven hens, and two ducks who are laying eggs daily, so we have an abundance of farm fresh eggs. We have been raising chickens for years, but only recently brought ducks into our flock. The chickens and ducks get along swimmingly!

We are selling the farm fresh eggs for \$3.00 a dozen. They are raised with love, and we treat them kindly. They, in turn, reward us each day with eggs. Call or email us at sandee.auvil@gmail.com if you would like to purchase eggs. We do sell them year round, but the supply of eggs is not as abundant, due to molting

(feather loss) and the cold temps. But I am told that a duck will lay an egg a day year round!

We can also be reached at 239-6446.

Why Eversource Trims Trees

Eversource

Trees are an important part of our community-helping beautify the neighborhoods we call home. But did you know that trees are the leading cause of power outages?

Every year, tree limbs, branches, and roots come in contact with the thousands of miles of distribution lines which can damage equipment and cause public safety hazards.

Eversource's Vegetation Management program is a thoughtful plan that balances the needs of our customers and communities. Their goal is to ensure safe, reliable electric service, with minimal service interruptions, while ensuring the proper growth of trees around power lines.

This program is run by certified arborists and other professionals with vast experience in arboriculture. Qualified line clearance contractors are also employed by Eversource, some companies with decades of experience in New England.

Eversource continuously monitors wires and equipment, and they periodically trim around the lines providing electric service to your neighborhood.

They also track performance of different parts of our infrastructure, making note and prioritizing tree trimming in areas that routinely experience outages due to trees. When crews trim along a circuit, clearance is determined based on common growth rates of the trees of New England.

Eversource's practices also meet the standards of the International Society of Arboriculture (ISA), and the American National Standard Institute (ANSI).

Plant Trees in the Proper Zone

When planting trees on your property, make sure to plant the right tree in the right place. The height of a mature tree helps determine how far from roadside power lines it should be planted.

The Plan Before You Plant brochure has more information about which types of trees are low-to-tall growing, and how far from power lines they should be planted. https://www.eversource.com/Content.

Catlette's Soliloquy

To go outside Or to remain within
That is the question
Whether 'tis better for a cat to suffer
The cuffs and buffets of inclement weather
That Nature rains on those who roam abroad
Or take a nap upon a scrap of carpet
And by so dozing melt the solid hours
That clog the clock's bright gears with sullen time
And stall the dinner bell.

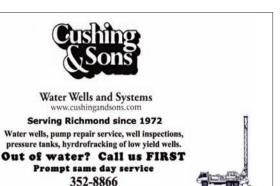

To sit

Outdoors and by a stare to seem to state
A wish to venture forth without delay
Then when the portals opened up to stand
As if transformed by doubt.

To prowl to sleep To choose not knowing when we may once more Our readmittance gain: aye there's the hairball For if paw were shaped to turn a knob Or work a lock or slip a window-catch And going out and coming in were made As simple as the breaking of a bowl What cat would bear the household's petty plagues The cook's well-practiced kicks the butler's broom The infant's careless pokes the tickled ears The trampled tail and all the daily shocks That fur is heir to when of his own free will He might his exodus or entrance make With a mere mitten? Who would foxes fear

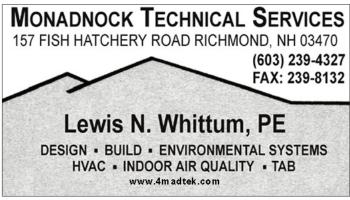

Or strays trespassing from a nearby wood
But that the dread of our unheeded cries
And scratches at a barricaded door
No claw can open up dispels our nerve
And makes us rather bear our human's faults
Than run away to unguessed miseries?
Thus caution doth make housecats of us all
And thus the bristling hair of resolution
Is softened by the palest brush of thought
And since our choices hinge on weighty things
We pause upon the threshold of decision.

Last Saturday, August 20th, The Richmond Agricultural Commission hosted their Second Annual Agricultural Fair at the Rich-

mond Pavilion. Eleven vendors participated and had a steady flow of community members throughout the day.

Rosti Eismont of Red Mill Pottery showed his skill creating beautiful pieces in front of an eager crowd. He also had plenty of beautiful work for sale!

Seth, Mallary and Mila Reece of MadBear Forge & Homestead had a variety of country favorites like homegrown tomatoes, pickles in a jar and baked goods. Seth, a talented blacksmith, performed live demo's while making one of a kind pieces, dinnerware, and jewelry.

There were rabbits, flowers, quilters, and artists, fresh jams, jellies, as well as environmental education and all natural herbal medicines! What fair is complete without activities for kids? These included corn painting, milking the cow, and planting seeds!

We would like to thank all who participated in making this day possible and look forward to growing this event each year. Special thanks to our community for your continued support.
